

Why EASG 2026 Should Be Held in Finland – Jämijärvi

Finland has excellent conditions for hosting the EASG 2026 event.

Jämijärvi Airfield is one of the country's best-known centers for aviation and model flying. It offers a wide, unobstructed area with multiple runways, as well as high-quality accommodation and restaurant services located right next to the airfield.

Jämi holds a central place in Finnish aviation hobbies and has hosted major national and international events for decades.

The area is supported by an active model flying club and a strong local network, ensuring safe and well-organized competitions.

Finland is a stable, safe, and easily accessible country in the European context.

The weather in August is typically ideal for outdoor flying: cool, clear days and long bright evenings provide excellent conditions for both competition and community spirit.

Finnish Aircombat pilots are active and experienced participants in international events.

Hosting **EASG 2026 in Finland** would bring a new Nordic dimension to the series and further strengthen the unity of the ACES community.

In Short

- Excellent and well-prepared airfield infrastructure (Jämi Airfield)
- Proven experience in large-scale events and model aviation activities
- Safe and easily accessible location
- Active and experienced Finnish Aircombat community
- Strong local support from organizations and hobbyists

Jämi Hotel and Restaurant

- Accommodation located right next to the airfield reduces the need for transportation and increases comfort
- The restaurant in the same building makes meal arrangements simple and convenient
- Saunas and shared lounge areas support the social side of the competition

Pet-friendly and well-suited for families

- Overall, the hotel and restaurant enhance the comfort and overall experience of both participants and visitors
-

Figure 1. The restaurant connected to Jämi Hotel offers tasty homemade meals, snacks, and refreshments in a cozy setting right next to the airfield. The spacious and welcoming dining area serves both competitors and visitors, providing breakfast, lunch, and dinner conveniently in one place. The restaurant also features a bar and comfortable lounge areas for evening gatherings and social events.

Jämi Areena

One of Jämi's greatest advantages is Jämi Areena, which provides exceptionally good indoor facilities for competitions and related events.

The hall measures 20 × 38 meters, with a height of 7 meters, and can be divided into two sections with a movable wall.

It includes changing rooms and showers for 54 people as well as several sanitary facilities.

This allows for:

- A safe and comfortable competition center for all teams
- Briefing and judging sessions indoors, protected from the weather
- Maintenance, storage, and model assembly regardless of conditions
- Shared evening gatherings and award ceremonies in a heated hall

Combined with Jämi's extensive outdoor areas, Jämi Areena makes the venue nearly perfect — a place where both participants and organizers can operate efficiently in all conditions.

Figure 2. The spacious and heated Jämi Areena provides excellent indoor facilities for the competition center, briefing sessions, and evening gatherings. Its location right next to the airfield and accommodation makes it the perfect base for the EASG 2026 event.

Family-Friendly Environment – Jämi Adventure Park

The Jämi area also offers excellent opportunities for competitors' families and companions. Located near the airfield, Jämi Adventure Park provides activities for all ages – climbing courses, outdoor adventures, and exercise in the heart of nature.

This makes Jämi not only an outstanding competition venue but also a great holiday destination for the whole family during the EASG 2026 event.

Figure 3. Jämi Adventure Park, located near the airfield, offers exciting activities for visitors of all ages. The park's climbing courses and adventure trails set among the pine forests provide a fun and active experience for families and companions during the EASG 2026 event.

Hotel Reima Country Center – Accommodation and Sauna

- Offers comfortable lodging right next to the airfield, within walking distance of the competition area
- Cozy rooms suitable for both individual guests and families
- Features its own sauna and lounge areas, providing relaxation after a day of competition
- On-site restaurant services make dining arrangements easy
-

→ Reima Country Center completes the Jämi service package – accommodation, dining, and relaxation all conveniently close to the event venue.

Figure 4. Hotel Reima Country Center offers comfortable accommodation just a short walk from the Jämi Airfield and competition area. The building features cozy rooms, a sauna, and lounge areas for relaxation after the competition day. With restaurant services on-site, it provides a convenient and pleasant stay for EASG 2026 participants and guests.

Map and Location

Jämijärvi Airfield is located in Western Finland, in the Satakunta region — approximately 100 km from Pori, 170 km from Turku, and 220 km from Helsinki.

The location is excellent, especially for competitors and teams traveling by car.

Jämijärvi is easily accessible via good road connections from both Southern and Central Finland, while the ports of Turku and Helsinki provide smooth travel options for visitors arriving from Sweden, Estonia, and elsewhere in Europe.

Transporting equipment, models, and gear to the site is straightforward and hassle-free throughout the journey.

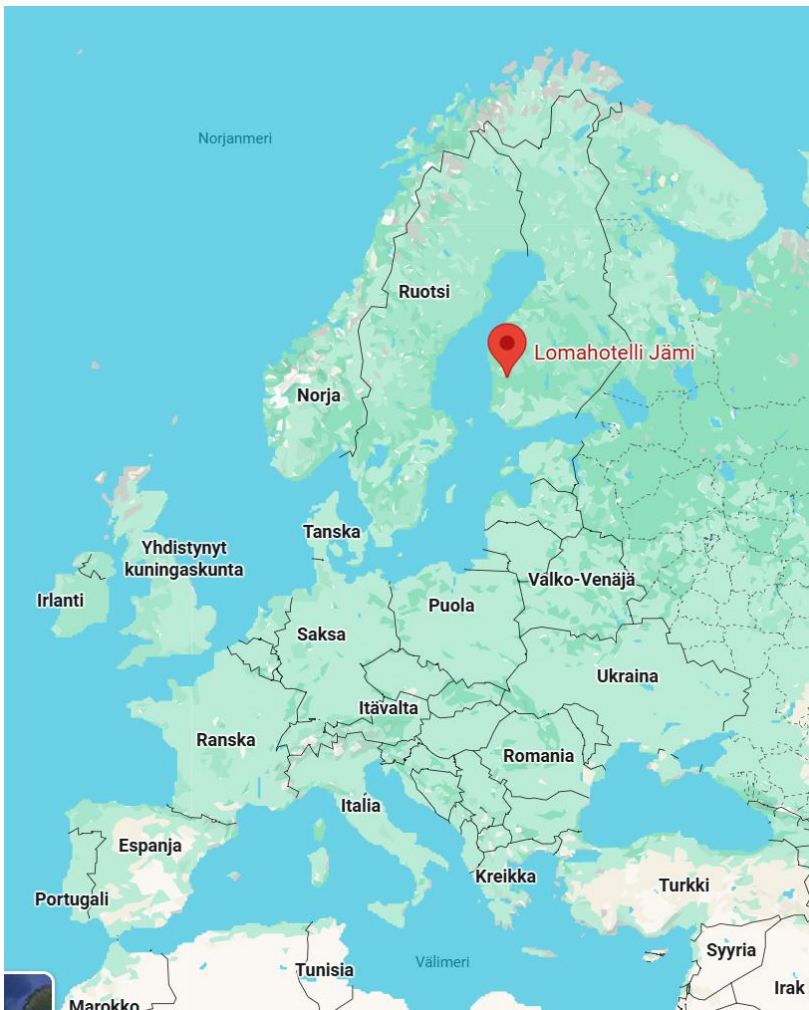

Figure 5. Location of Jämijärvi in Europe.

Situated in Western Finland, Jämi is easily accessible from across Northern and Central Europe. Excellent road and ferry connections via Helsinki and Turku make travel smooth for participants arriving from Sweden, Estonia, and other parts of Europe.

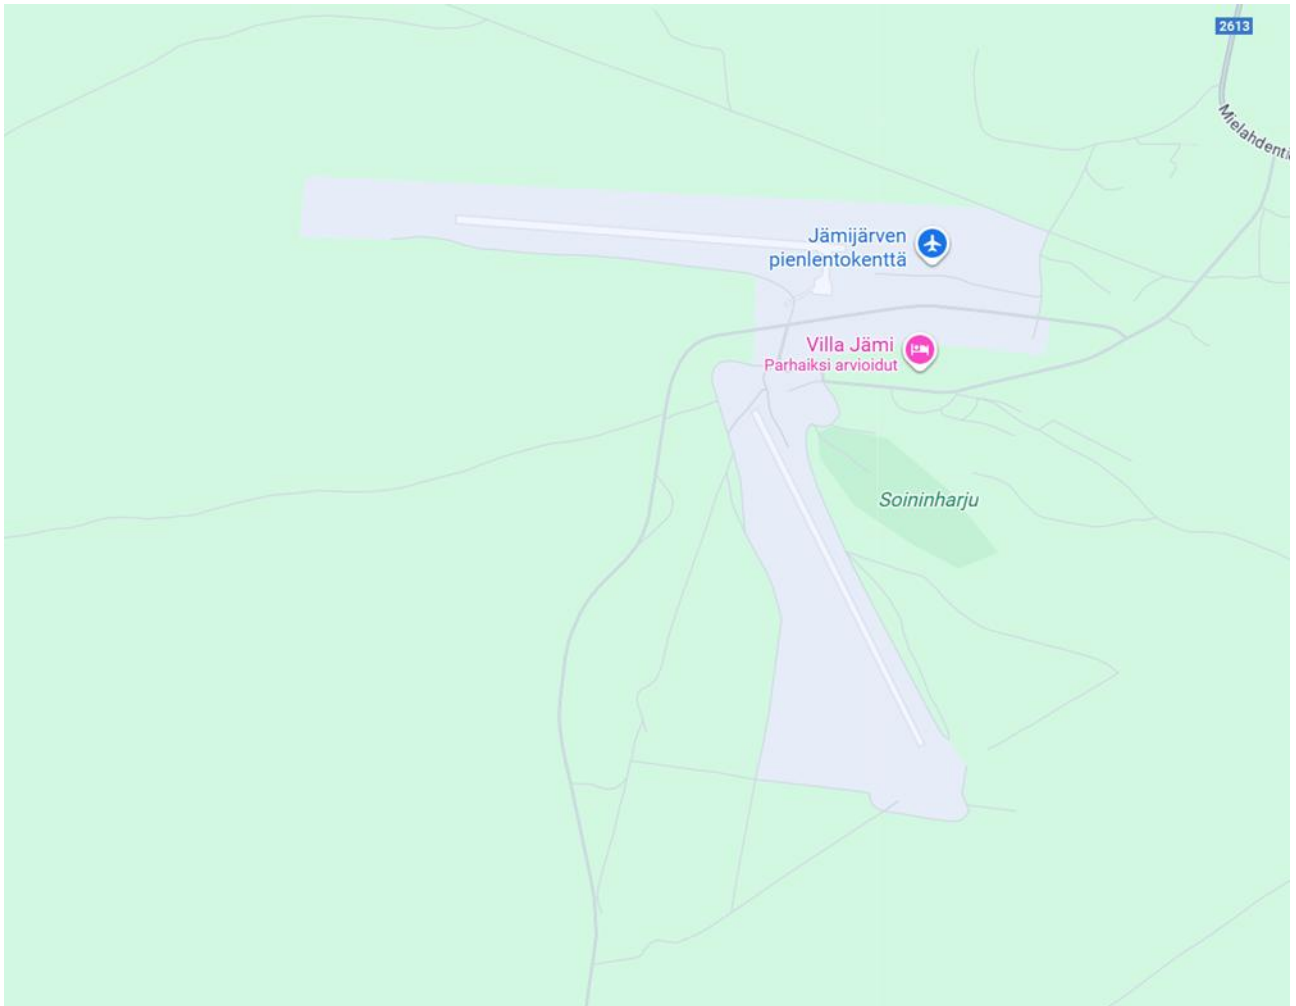

Figure 6. Map of Jämijärvi Airfield and its surroundings.

The airfield area includes multiple runways and is located right next to accommodation and service facilities such as Jämi Hotel, Jämi Areena, and Reima Country Center. The compact layout allows participants and organizers to move easily between all event locations.

Figure 7. Aerial view of the Jämi Airfield event area.

The photo shows Jämi Arena (left), Jämi Hotel and Restaurant (center), and Hotel Reima Country Center (right) — all located only a few dozen meters from the runway. The compact layout and proximity of all key facilities make Jämi an exceptionally convenient and efficient venue for EASG 2026.

Summary

Jämijärvi offers a complete package that is hard to surpass.

With its well-equipped airfield and ready event infrastructure, two accommodation options right next to the competition area, and versatile indoor and support facilities such as the Jämi Arena, saunas, and restaurants, the location provides everything needed for a successful event.

In addition to excellent facilities, Jämi offers activities and leisure opportunities for families and visitors, creating a welcoming and engaging environment for everyone.

Its safe, efficient, and easily accessible setting ensures a smooth experience for both participants and organizers.

Jämi Airfield brings together tradition, facilities, and community – the perfect venue for EASG 2026.

Best regards,

Aces Finland Association – Board of Directors
